

# THE VALUE OF SCIENTIFIC PRODUCTION FOR PATIENT CARE IN ACADEMIC HEALTH SCIENCE CENTRES

## FINAL WORKSHOP

 February 27, 2026

 Room C16 - Department of Economics and Statistics (DiSES)  
Monte Sant'Angelo University Campus  
Via Cinthia No. 21, 80126 - Naples

### MAIN TOPIC

Examining the relationship between research performance and healthcare outcomes in Italian public Academic Health Science Centres. The aim is to provide tools whether academic research drives healthcare quality, patient choice, and case-mix complexity using bibliometric and scientometric methods

#### 9.00-9.30 - Institutional Greetings

**Introduction:** Corrado Cuccurullo (Principal Investigator)

#### 9.30 - 10.00

##### Understanding the Dimensions of AHCs

Massimo Aria, Corrado Cuccurullo

#### 10.00 - 10.30

##### A Comprehensive Assessment of Scientific, Social, and Industrial Impact in Academic Health Centres

Massimo Aria, Luca D'Aniello, Maria Spano

#### 10.30 - 11.00

##### Grants, Patents, and Clinical Trials as Performance Indicators in Academic Health Centres: A Typological Comparison

Carmela Iorio, Massimo Aria, Agostino Gnasso

#### 11.00 Break section

#### 11.15 - 11.45

##### Assessing Academic Health Centres Through Online

##### Reviews: A Sentiment-Based Approach

Massimo Aria, Maria Spano, Luca D'Aniello, Agostino Gnasso

#### 11.45 - 12.15

##### Rhetorical Moves as Indicators of

##### Disciplinary Communication Patterns in Health

Walter Giordano

#### 12.15 - Roundtable and Conclusions

##### Communication, Dissemination, and Stakeholder Engagement Strategies
